

**Dear Parents,  
Greeting of the day!**

We hope that you & your family are safe at home. We pray to the almighty that we emerge victorious in our battle against the deadly virus.

JPS is constantly working towards providing various platforms to our students to enable them to develop multi disciplinary skills.

With this aim in mind we have decided to launch a quarterly e-news letter which will provide an opportunity to our students to share & express their views on issues of concern.

We therefore invite all our students to send us (anyone of) the following:-

Articles, short stories, poems, quiz, Jigsaw puzzle, jokes etc. It should be their own work & not copied from any other source.

The students are requested to forward their work to the class teacher as a soft copy. Their work will be reviewed and then included in the news letter.

**Thanking you  
Regards,**

**Ms. Archana Pal Singh  
Principal**
